

OUR OFFICE POLICY REGARDING X-RAYS

Our office requires a full mouth series of x-rays every 8-10 years.

We require checkup (Bitewing) x-rays every 2 years.

As you are coming to us as a NEW PATIENT, we will happily review any x-rays you have from a previous dentist, and we will determine what x-rays are needed and take them accordingly,

If you know you have any of these x-rays from a previous dentist, please sign a release of records as soon as possible so that we can obtain these for you.

If you have a current partial full mouth series, we will complete the series and charge accordingly.

For children we require the checkup x-rays beginning usually around age 5 -6 or as needed earlier.

A panoramic x-ray is NOT a full mouth series.
